SMITH-CORONA®

Coronamatic™ 2200 Cartridge Typewriter

Coronamatic Cartridge Ribbon System

Change ribbons in three seconds—use print-like carbon film—or long-life fabric—correct errors with Re-Rite correction cartridge—use colors for personality, impact and emphasis in business typing, homework, schoolwork, and letters.

The ribbon changing chore ends here. Now, with a touch you remove the used cartridge and insert the new one. Choose and change cartridges to match the job at hand. Carbon film, fabric, correction tape and colors. Your fingers never touch the ribbon.

Coronamatic Cartridge Portables are superior in construction, features, styling, convenience and in the quality, print-like work they produce.

With quick-change cartridges, keyboard controls, repeating key actions and dozens of other features, Coronamatic Electric Portables are incomparable.

SMITH-CORONA®
Coronamatic™ 2200

with Coronamatic Cartridge Ribbon System
